MEYRA®

Sky MWD

Indoors very maneuverable

Very compact for indoor maneuverability in tighter spaces width 64cm x length 90cm. The unique rear castor allows for a smaller turning radius indoors of only 64cm.

Excellent drive comfort

The active double rear suspension ensures a softer ride in all terrains. The Sky has a longer range of 35km versus others.

All functions are standard included

With no additional charges:

- > Sit to stand
- > Active reach/anterior tilt
- > Elevate 20cm
- > Posterior tilt 40°
- > Backrest recline
- > Lie flat 180°
- > Memory function
- > Lie to stand (max 140Kg)

Additional Accessory: Bio-mechanical armrest and headrest function to assist when lying flat.

Easy set-up memory function

This electric standing wheelchair comes with a memory function where you can set predetermined memory settings. I.e to your desired standing or driving position. This is done in minutes with no laptop required.

Model	Sky
Drive configuration	MWD
