Passive Lifters
Client has no self mobility and is not able to stand.

Molift Rail System is an extremely multi-functional ceiling or wall hoist system with endless configurations.

Air 200, 350, 500
Fixed, small, compact with larger hoisting intervals. All single motor systems: SWL 200, 350, 500kg
Nomad 255
Portable. Can be connected and disconnected by a single carer and transferred onto rails in separate rooms. Very low weight SWL 255kg

Molift Quattro
A freestanding traverse gantry
Molift Quattro is a freestanding hoist unit that offers a four post Traverse System useful when the hoisting need is temporary or when attaching to the build itself is not desirable. The gantry is easy to install without the need to mount additional fixtures on wall or ceiling. The posts are compact and not space occupying.
