Wheelchair Seating

**O2 Technology**

Vicair SmartCell Technology is a breakthrough in skin protection and positioning for wheelchair cushions. This technology won the most prestigious award for inventors: The Grand Prix at the Salon des Inventions in Geneva.

- SmartCells are tetrahedron shapes filled with air
- Hundreds of them are inside a Vicair cushion
- Cells can be added and removed for customisation

**ACTIVE O2**

- Pelvic support
- Provides pelvic support and positioning for wheelchair cushions

**VECTOR O2**

- Most stable air cushion for wheelchair users
- Orthotic height zip closure
- Provides pelvic support and positioning for wheelchair cushions

**ADJUSTER O2**

- Optimal cushion for wheelchair users with body asymmetry
-对标

---

**Specialty Cushions**

**Centre Relief**

- Offloading pressure in the high risk area
- For completely offloading of the rectal area
- Adjustable non-contact area
- Stable positioning

**ALLRounder O2**

- Not all activities require or allow the use of a wheelchair. In these situations the activity cushion Vicair AllRounder with O2 Technology, keeps you comfortable and helps to protect your skin.
- Easily buckled onto your body
- Water Resistant: Doesn’t absorb water
- The entire AllRounder O2 is machine washable

**02 Range Covers**

- O2 Top Cover
  - Breathable outer layer. Covers only the top part of the cushion, similar to a cap. Offering optimal ventilation and comfort.
  - Code: XVOC/size/TP/size

- Comfair Cover
  - Breathable stretch fabric for air transmission and heat dissipation also reducing pressure on bony prominences.
  - Code: XVCC/size/size

- Incotec Cover
  - A fluid resistant cover made out of elastic material. Extremely usable in all situations (institutional and home use) where incontinence and hygiene is an issue.
  - Code: XVCI/size/size

---

**ACCESSIBLE**

- Three layers of support
  1. An upper visco elastic gel foam layer reduces heat buildup.
  2. A medium density visco foam layer provides improved immersion.
  3. A contour cut, firmer HR foam base adds Pre-ischial support preventing sliding and provides pelvic support.

**Viscoflex + Plus**

- Moulded from viscoelastic foam with memory effect.
- Anatomically shaped with raised lateral edges, a front to rear slope and ergonomic air vents enhance air circulation.

---

**O2 Range Covers**

- With the purchase of a Vector O2 or Adjuster O2 choose to receive either 2x O2 Top Covers or 1x Comfair or 1x Incotec Cover for FREE.
