Independence Chairs

5 Reasons to consider

- 1. Alternative to a wheelchair** - Provides more functional ability to perform daily tasks.
- 2. Fall prevention** - Reduces risks of hip fractures.
- 3. Ideal mobility combination with a walker** - Improved independence.
- 4. Reduce carer dependence** - Saves time & costs.
- 5. Reduced housing modifications.**
- 6. Back to work** - Sit more comfortable for longer.

VELA Independence chairs offer independence at home, work or school. A VELA chair allows the user to perform their usual standing or seated activities safely and comfortably without draining energy.

Ideal for the following circumstances:

- | | |
|-----------------------------|-----------------------|
| > Elderly losing mobility | > MND |
| > Disability chair for work | > Muscular dystrophy |
| > Spinal disorder | > Amputation |
| > Mobility impairment | > Parkinsonism |
| > Walking impairment | > Back pain |
| > Balance problems | > Stroke |
| > Arthritis | > Restricted growth |
| > Multiple sclerosis | > Hemiplegia |
| > Cerebral palsy | > COPD (Lung Disease) |

A chair for everyone!

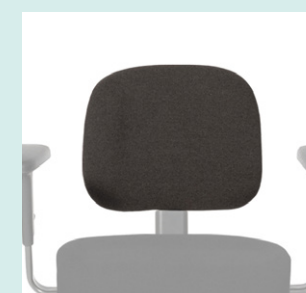

Benefits include: HiLo function for improved reach • Sit to stand assist • Big castors for easy walking (punting)
 • Central brake for safety • Rotatable seat & height adjustable for easier and safer transfers
 • Ergonomic shaped seating for optimum comfort

Sit to stand with electric HiLo adjustment with a simple push of the button (standard on EL & ES models)
