

## Molift RgoSling 4-point

Molift RgoSlings offer a wide range of models and sizes ensuring we have a solution, whatever the users requirements. Molift RgoSlings are designed for a 4-point sling bar.

**Sliding loops**

Sliding loops on head straps. Making a smooth transfer from lying to sitting position. Ensures a comfortable and safe position for the patient.

**Colour coding**

Colour coding of hoisting loops helps you find the right fit.

**Comfortable padding**

Padding in back and leg support distributes the weight over a larger area, making the sling more comfortable for the user.

**Labelling**

Clear, practical information on a highly visible label. Washing instructions and technical information are found in a protective pocket at the back.

**Guide straps**

Guide straps assist with positioning during the lifting process.

**Application pocket**

Pockets in the back and on the leg supports make application easier.

# Molift RgoSlings

Molift has a long reputation for manufacturing high quality hoists and slings. RgoSling is a portfolio of 4-point slings developed to meet the demands for the everyday needs in healthcare.

**Standard models: HighBack and MediumBack**

Our standard models are designed for use in the usual transfer situations and are suitable for most users. The standard models are available in two back heights: HighBack and MediumBack.

**Models with specific features**

We know that users have many different requirements, so we've designed additional models with specific features to meet their needs, including the RgoSling Toilet and RgoSling Amputee.

## Molift RgoSling High Back

Standard leg support opening

- Sliding loops on head straps.
- Support for the entire back and the head.
- Hoisting to and from a lying or a sitting position.
- All-round sling that fits most users.
- Hoisting from floor.

## Molift RgoSling Medium Back

Standard leg support opening

- Sliding loops on head straps.
- Suitable for a user with headcontrol.
- All-round sling that fits most users.
- Adjust the sitting angle by the leg straps.

## Molift RgoSling Toilet

### Wide leg support opening

- Fixed loops.
- Easy access sling, facilitate dressing and undressing.
- For users with good core stability and muscle tonus.
- Comfortable padding.
- Flexible leg support.
- Belt included - for extra security.

## Molift RgoSling Amputee

### Narrow leg support opening

- Sliding loops on head straps.
- For users with an amputated leg or a user with reduced core stability or muscle tonus.
- Ideal solution for user with a high amputee.
- Comfortable padding.
- Belt included - for extra security.

## Molift RgoSling Ambulating Vest

For gait training with assistance

- 4 straps with fixed loops.
- Self tightening strap in the waist.
- Standing or balance exercise.
- Double buckles for extra security.
- Standard polyester fabric with padding.
- Padded groin straps as accessories.

# Facts

## Materials

### Polyester

The standard polyester fabric is durable and hard wearing. The material is easy to maintain and has a dirt repellent surface.

### Polyester net

Hard wearing and durable soft net fabric, breathes well and dries quickly. Suitable for shower and bathing situations.

### Non-woven

Polypropylene non-woven. Patient specific slings when the sling is for short term use.

## Detailed information

Size	Recommended user weight
XXS	12 - 17kg
XS	17 - 25 kg
S	25 - 50 kg
M	45 - 95 kg
L	90 - 160 kg
XL	160 - 240 kg
XXL	230 - 300 kg

### Washing instructions

Washing temperature 60-85 °C / 140-185 °F  
Washing at higher temperatures wears out the material faster.

max 300 kg    max 660 lbs

Slings in combination with Molift suspension gives an easy, comfortable up right lift - reducing need to reposition client once hoisted.
