Item no. 70034

The VELA 'Move+' Ophthalmology Chair is ideal for eye exams where the patient needs to be transported between different devices and equipment in a quick and safe manner. Large seat and backrest.

- :: Gliding wheels and push bar make it **easy to transfer the patient** between different examination devices. The patient only needs to sit down and get up from the chair once, which speeds up the examination process
- :: Lockable chair base provides **secure patient positioning**
- :: **Patients can be quickly positioned at the optimal height for staff** and devices using the electric height adjustment
- :: **Patients can easily sit down and get up from the chair** without help by using the armrests and stable base
- :: Optimal **ergonomic working position for staff** with no unnecessary bending forward, thanks to the electric height adjustment and foot-operated brake

# Hygiene Benefits

VELA medical chairs are designed to meet the stringent hygiene and disinfecting requirements in the healthcare sector

- :: For optimal hygiene, chairs have easy-to-clean surfaces without recesses where dirt might gather, including the underside of the chair
- :: All backrests are supplied with edge bands to prevent dirt collecting in the joints
- :: The chairs have easily cleanable surfaces without any recesses, where dirt might gather
- :: All parts can withstand disinfection, for example, with alcohol or chlorine at the recommended concentration and mixing ratios
- :: Light-coloured surfaces make it easy to spot marks when cleaning

Distributor Details:

# Danish quality

VELA is a Danish family-owned company founded in 1935 by Verrmund Larsen. VELA is headquartered in Aalborg, Denmark and has its own development department, and production and padding workshop. In order to be close to our customers, we have a strong, international dealer network.

## CHAIRS DESIGNED WITH CARE AND PRECISION

The development department at VELA is constantly focused on optimising safety, functionality and ergonomics in cooperation with health professionals.

We take into consideration that chairs in the healthcare sector are exposed to severe wear and tear for many hours each day. At VELA, we use hard-wearing mechanical parts and extra-durable seating materials to keep the chairs clean and functional for many years. All VELA chairs are CE marked and made in Denmark.
